

IT'S TIME! THE NSW LATE MODEL TITLE IS HERE AT LEETON

This Saturday night (December 18) the 'Kurrajong Shell Service Station' NSW Late Model Sedan title rocks Brobenah Speedway at Leeton with support from GOSA Sedans, Production Sedans, AMCA Nationals and ASCF Junior Sedans in a race meeting that is expected to attract a large crowd from Leeton and surrounding districts.

The event, along with the title for the visiting Late Models from the eastern states, is also a springboard for the Production Sedans as they build towards their National Championship at Leeton in April 2011, with spectators in for a real treat at the Speedway.

Entries for the Late Models are now at 17 cars and include competitors from South Australia, Queensland, and possibly Victoria, along with the NSW drivers. Scott McPherson, Nathan Disney, Barry Kelleher, Ross Nicastrì, Neil Wallace and Daryl Grimson, all from NSW, are tipped to be contenders.

Late Model entrant Ross Nicastrì from Goulburn, who has previously been an Australian Champion in Grand Nationals twice, is excited about this weekend's racing. "We are all excited about coming and letting loose our 800+ hp race cars on a track the size of Brobenah. It will be like nothing else we have experienced thus far in Late Model racing. The fans will see some very tough competitors on track and we welcome them to come down to see our race cars after the meeting for photo opportunities."

In Production Sedans local club members include Sean Harper, Bruce Robb, Rod Anderson, Peter Schmetzer, Mark Whyte, Gary Dowdy, Charlie Ball, Jacob Mills, Andrew Cunningham, Robert Bailey and Wayne Bourke whilst visiting drivers and former champions Stephen Laidlaw, Brenton Mills and Chris Lack(both from Victoria) will keep the locals honest along with Simon Wallace from Griffith.

Production Sedan club member Rod Anderson was also excited at the upcoming event. "In the Production Sedans we are working hard to build up to the National title. We have formed a committee and are gathering sponsorship to run out event in April. We believe this event with the Late Models at Leeton will wet the appetite of local people to get onboard with our event later in the season and ensure that drivers from as far away as the top of Western Australia enjoy their weekend in Leeton in April. The bonus of course is getting to see the awesome Late Models on our track, you would have never seen anything like it before, and you should make sure you see it this time!"

Entry prices for race fans are set at \$20 for an adult ticket, \$50 for a family of two adults and two kids aged 14 to 16, Seniors \$15 and all kids under the age of 14 are free.

Racing starts at 6pm with gates to the public opening at 4pm. For further information you can contact Ron Watts on 0408837261 or Wayne Aylett on 040869682

Leeton Motor Sports Club couldn't put an event on of this magnitude without the support of a number of sponsors including the naming rights sponsor 'Kurrajong Shell Service Station'. Other sponsors include:

Ace Smash Repairs
Aylett Automotive
Mick Pettit Sheds
Harrison Produce
Harrison Bulk Transport
Meaghers Tarps
Step back Disco
Bonaire Aircons
FLT Transport
Narrandera Auto Wreckers
John Hillier
